Subject: Open Sigma Orders - Merck Life Sciences UK

Dear all

Merck Life Sciences UK are reviewing open Sigma orders with the intention of contacting buyers with a status update.

Unfortunately Merck have not had much success in contacting buyers, possibly due to our current working situation.

In some cases, Merck may request that a Sigma order is cancelled and raised to Merck Life Science UK.

If you have an outstanding order with Sigma please use the following contact details to check if any changes are required.

Contact details: Merck Life Sciences UK - Gareth Davies 07976 265508.

Issued by Matthew Kidd - Procurement Services
